

## **Athletic Eligibility**

In order for a student to be eligible to initially participate in any ECA, the student **must NOT have more than one F, and maintain at least a 2.0 GPA for each grading period.**

Grades will be reviewed every two weeks to determine if the student remains eligible. Students who fall below the standards of eligibility will have 2 weeks to correct concerns. During that time, they may attend practice, but may not dress or participate in any contests. When grades are checked again, if their grades have not improved, the student will be removed from the ECA for the remainder of the season.

Students who receive AEA or ASD will be subject to disciplinary action at the discretion of the coach or sponsor. (This may include loss of playing time, loss of a starting position, etc...) Students with an ASD assigned on the day of practice or a game will not be given any special privileges. Students who receive an OSS (out of school suspension) will be ineligible to participate in the next game or event and students suspended for a second offense during a season will be removed from the ECA.

School administration has the right to enforce any additional eligibility decisions as needed.

This policy was established by the Middle School Athletic Council and applies to the following programs.
